FUNCTION

BATTERY CHARGING

- This unit is equipped with built-in chargeable li-polymer battery.
- When during charging, the LED will be lighted up.
- It needs around 3 hours to finish full charge (charging time depends on your battery status)
- When the unit is charged fully, the LED will turn off automatically.

BLUETOOTH CONNECT

- Search in the Bluetooth menu in your cellphone, you will find the “YB-801”.
- Press the “YB-801” in your phone menu to enable the Bluetooth connection (you will hear a “pairing” voice from the speaker).
- Then, the speaker will tell you “your device is connected”, and in your phone, you will see “connected” also.
- Now, you can enjoy your wireless music tour by this YB-801 unit😊.

Solution/Chipset:	Top CSR-8635	Net Weight:	360g
Wireless Range:	>10 meters	Teperature Range:	- 40℃ ~ +80℃
NFC function:	Yes	Material:	ABS with Rubber Paint

Note: USB Jack ONLY for charge.

FCC NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

These devices comply with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1) These devices may not cause harmful interference, and
- 2) These devices must accept any interference received, including interference that may cause undesired operation

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.
